

Pro/ENGINEER® Intermediate Training (2 days) & Intermediate Plus (3 days)

'In'-Tuition – In-house, Intensive training for Individuals
We come to you to deliver these courses.

You use your own software, we supply the trainer.

2-Day Course :- £1500 for 1 person, £1950 for 2 people, £2200 for 3 people, or

3-Day Course :- £2250 for 1 person, £2925 for 2 people, £3300 for 3 people.

Contact us for a quote if you have more people or for a customised course.

Note If the 2-day course is ordered at the same time as the Pro/ENGINEER Basic Course, the cost is reduced to:- £1200 for 1 person, £1700 for 2 or £1950 for 3.

Content as of 13th Jan 2011

This course is available in 2 options; short & long. The curriculum, in terms of subjects covered, is the same in both cases, but the long version, called 'Intermediate Plus', which lasts 3 days, has enough time for most students to complete the course project.

The short version, called 'Intermediate' covers the same ground, but there is not enough time for students to complete all the project exercises.

The 2 day version should be chosen by people who want the Intermediate course 'back-to-back' with the Basic course to make a 5-day package.

The Intermediate Plus course should be chosen by those who want a stand-alone course with the chance to get more time to practice their Pro/ENGINEER skills.

Content:-

- Introduction
- Creating Parts
- Duplicating Features
- Family Tables
- Regeneration Failure
- Creating Assemblies
- Miscellaneous Features
- Assembly BOM & Cosmetics
- Model Annotation
- Course Project (Intermediate Plus Only)

Pre-requisite : Previous Pro/Engineer experience or training

Note: It may not be possible to get through everything in the time, in which case the most appropriate items will be selected.

*Prices include travel expenses for sites within 100 miles of Northampton, but not VAT. Extra expenses may be charged for other sites.
